**November 26, 2017**

Hello everyone.

We have held our inaugural Spring Bash and Season 2 is drawing to a close. So a quick review of the Bash and what lays ahead.

### **Boronia Spring Time Bash**

The inaugural Boronia Spring Bash was a successful 3-day event which was very well received. This event is dedicated to classes that don't normally get a mention at major events. The classes were VTA, Mini, 4WD Mini, GT, TT01 Truck and F1. The committee are now planning a permanent date and making this an annual event.

For more details have a look at the results and race report on our web site.

Preparing for this event required a lot of hard work behind the scenes and I would like to thank the organisers (George, Bully and Richie), committee and the volunteers who pitched in at the working Bees.

We used PayPal for the 1<sup>st</sup> time to collect race entry fees in partnership with on-line entries. The system worked well and will be used for the Vic's.

We also used Alycat 2017. If you look at the results you will notice and improved race index in the race report. Alycat 2017 will be used for 2018.

The BRCCC is eternally grateful to **Metro Hobbies** who sponsored the event. We also had assistance from the **Australian Butchers supplies** in Boronia. If you have not bought meat there, you should as pricing is sharp, and the quality meat beats any supermarket.

### **Presentation Night**

Presentation night is Wednesday December 13. The format for the evening is a fun night with complimentary BBQ. So, bring your trucks or cars that normally sit on the shelf for a good nights entertainment.

### **Classes and Rules for 2018**

We have a survey form on our web site (Newsletter page) aimed at collecting your wishes and suggestions for racing next year. Please complete the survey form and return to the club ASAP as we will be evaluating classes and any rule changes on December 5<sup>th</sup> for the 2018 season.

This is the forum for suggesting any changes to class rules or indeed any new classes.

### **Victorian State Titles**

AARCMCC have confirmed that we can host the 2018 Vic Titles in March. The committee is currently considering the date which will be published shortly.

I am also very pleased to announce that **Metro Hobbies** will be our primary sponsor for the Vic's.

Lots of planning and a few working Bee's ahead to get everything ready. We need volunteers to take on small dedicated roles such as planning catering or being scrutineers at the event, etc. The more volunteers we have, the easier the job will be. We will have a schedule/"to do" list shortly that will identify where we would appreciate some help.

Volunteers will have full support and guidance by the committee.

The official AARCMCC classes we must host include:

- Junior Sportsman
- 21.5 Blinky
- 13.5 Blinky
- Open
- 1/12<sup>th</sup> Modified.

Additional to the above we can host demonstration classes such as Mini and 17.5 (GT?), etc. The committee will be asking all of you for suggestions/preferences.

We will keep you up to date with progress and all the details as they come to hand.

**OR**

Attend the inaugural Vic's planning meeting on Thursday November 30, 7pm at the club rooms. Your welcome to just observe, contribute ideas or take on one of the many roles we need to fill. Love to see you at this meeting.

### **Summer Series**

The committee will run the summer series again in January/February.

Classes to be run will be based on who attends.

The series will be held on Saturday afternoons (twilight) with BBQ dinner. The dates will be in our next newsletter.

### **Committee Meeting:**

The next committee meeting will be 7pm Tuesday December 5<sup>th</sup> at our Club Room.

As usual all welcome.

Cheers,

David Huggan  
BRCCC President
