## **Boronia Radio Controlled Car Club**

Incorporated A0036675Y

**May 2, 2014**

Hi All

Due to some inclement weather the planned installation of our kerbing had to be cancelled  
After discussions with Vince the kerbing King its back on

**Saturday 31<sup>st</sup> May and Sunday 1<sup>st</sup> June**

**The Flights have been booked**

**The Accommodation is booked**

**The Concrete supplies have been booked**

**The Good weather has been booked**

**All we need now is for YOU to Book in and give us a hand**

**BRCCC is to supply 5 helpers to Vince on both days**

**Please contact Dave Huggan to confirm your availability**

There is some additional work that we are hoping to carry out once we have supplied Vince with his team of helpers.

Note: on the May 31 weekend please park in Park Crescent or across the road. We need our small parking area kept clear for deliveries and will be used for mixing cement.

The Entrance to the third tennis court needs to be prepared before we can use this extension to our track

This will be completed on the same weekend if we have the enough helpers, If not it is the next project to be addressed ASAP

### **Additional Blower**

BRCCC is in the process of purchasing another Petrol Blower to help with the cleaning of the track.

### **New Club Charger**

A 4 Bank Battery Charger has been ordered for the control room to help the control room operators in their attempt to run the nights racing and charge club cars etc. This is part of our initiative to attract new members by loaning out club cars. Loaning out the club cars is making more effective use of our assets which are otherwise gathering dust for most of the year.

So far the new scheme is proving successful and we will continue to promote race night loans to prospective members.

Thank you to Scott, Aaron and Darren for your recent assistance with the club cars.

### **Driving Etiquette**

What can we say about the driving etiquette except that's its Crap. (17.5 Please take Note)

The BRCCC committee is being constantly made aware of this and it needs to be addressed quickly  
Some new measures will be introduced to try and eradicate this bad habit from being the norm at BRCCC  
Other clubs already refer to BRCCC as Bosnia RCCC because its like a war zone to race here

#### **Winter Warmer BBQ's**

Members have recently enjoyed a couple of BBQ's hosted by Rob Oberstar. A Perfect start for these cooler evenings with proceeds going towards upgrades to club facilities.

Thanks Rob and the spicy tomato sauce is a great option.

Next BBQ May 14. Can't wait☺

#### **Committee Meeting**

Next committee meeting will be Tuesday May 6<sup>th</sup> at the club rooms from 7pm.

If you can make it we would appreciate your contributions. Can't make it but have something to say or suggest? E-mail [secretary@brccc.org](mailto:secretary@brccc.org).

Hot topic for Tuesday – acceptance of track kerbing plans. Thanks Karl's measuring and re measuring efforts we have found a way to widen some sections of track on May 31 (remember this date and come along).

#### **Knox Council Basin Works**

These are progressing slowly with parking being the primary impact to us at present. This problem affects us all and we appreciate your patience and not trying to jam pack the small parking area by the club rooms.

Please also be mindful of local residents when street parking (as all have been to date thank you).

## **1/10<sup>th</sup> Scale Electric, On-Road Racing**
